

Design a single page e-commerce website with three categories of products namely "Electronics", "Books", & "Lifestyle". Each product category should contain images of three products and a caption for those products. In the "Electronics" category, there should be "Mobile Phones", "Laptops", & "Televisions". In the "Books" category there should be "Fiction", "Science", & "Engineering" books and in the "Lifestyle" category there should be "Travel & Luggage", "Footwear", & "Apparel". Design using images, tables & hyperlinks as and when necessary.

Coding

```
<html>

<body>

<h1>Welcome to zonekart.com</h1>

<h3>India's simplest and largest e-commerce website</h3>
